Greetings, Pierce County Council Members;

As I couldn't clear my schedule to attend, I watched the video of this morning's meeting. Although I do not like the ratification by non-action clause, I applaud your efforts to make this proposed ordinance something that can be looked upon as an improvement in communications and consistency between the airports.

As for the aforementioned clause, I suspect by that remaining intact that you will become more familiar with other airport users and business people when situations arise.

Thank you for your work on this!
